Immediate payment

Invoices are payable to SEAAM by cash or credit card (VISA, Mastercard, AMEX) prior to take-off by the aircraft operator or the owner that has no special agreement with the SEAAM.

In the event of non-payment, the invoice will be sent to the user at the end of the current month with a surcharge of **€54** corresponding to invoicing charges.

PROCEDURE IN THE EVENT OF LATE PAYMENT OR NON-PAYMENT

Late payment

Any invoice issued by SEAAM which remains unpaid at the due date shall generate an automatic reminder letter. In the event of late payment, any guarantees provided may be used to settle the outstanding debt. The user will be formally notified by recorded delivery letter if such action is being taken by the SEAAM.

Penalties for late payment

All sums due which are not paid on the due date shall bear interest from day to day at the rate of three times the French legal interest rate currently in force, from the date when such sums were due until the date of payment (both dates inclusives).

Disputes and recovery fees

In the event that a second reminder letter should remain unanswered after 15 days, the file will be transferred to the SEAAM's litigation department, which will enter into any necessary legal procedures in order to recover the outstanding debts.

A single payment to cover the recovery costs will be due in the event of late payment and is fixed at **€40** per invoice (Decree n° 2012-1115, 2nd October 2012) If the recovery amounts actually incurred should prove to be higher, an additional indemnity may be claimed.

Detention of aircraft

An unpaid invoice can entail the application of particular measures, and in particular the provisional seizure of the aircraft under the conditions envisaged with the article L6123-2 of the Transport code.

Claims and queries

Claims are not payment suspensive. Queries are admissible during a period of one year from the issuing date of the invoice. They must be sent in written form to the accounting department at the following address:

SEAAM - Aéroport Annecy Mont Blanc

- **Article 262, II-4 of the French General Tax Code (Code Général des Impôts)**

« II. Are VAT excluded:
